Station Spotlight

Lifeline Volunteers ...

The Volunteer Program has handled Lifeline in our community for multiple decades. Lifeline services are important to many folks that want to stay home and be independent longer. It also helps relieve concerns they or their family might have as help is just a button push away.

Volunteers are able to go out into the community and assist users with installations, equipment updates and teach users how the equipment works. It's a very simple program that isn't possible without our volunteers.

If you have been thinking about ways you can help support your community in a non-traditional way, this could be a possibility. This is also a great volunteer opportunity for those who work or are very busy. You can work around your schedule when volunteering with this program.

Contact the Volunteer Department or visit our website to view the position description at www.lchcia.com/volunteers for more information.
